# ICE ALLOCATION POLICY

## General Information:

The “ICE PROVIDER” as mentioned throughout this document refers to the County of Prince Edward, Recreation, Parks & Culture Department, who manage and operate ice skating facilities within the boundaries of the County.

The mandate of the ICE PROVIDER is to provide a variety of leisure opportunities for all County of Prince Edward residents. To this end, programs or initiatives such as Public Skating, Learn to Skate, Shinney Hockey, Adult Skating, Senior Skating, Patch Ice, Parents & Tots Skating and Special Holiday Skating Sessions are recognized as a high priority within the ice allocation policy.

The ICE PROVIDER believes that, given its obligation and responsibility for ice allocation, it is imperative that it be administered in a fair and equitable manner to the residents of the County of Prince Edward. The public at large, current user groups and all future user groups need to be considered fairly in the allocation of available ice on a seasonal basis.

The ICE PROVIDER will allocate sufficient time for ice maintenance activities to ensure ice surfaces are maintained to industry standards/guidelines. Providing users with a safe skating surface is a high priority.

It is acknowledged that all categories of user groups may experience cancellations or adjustments to their weekly ice allocation over the course of their seasonal permit to accommodate approved Events from other Community Groups or through building closures.

## Ice Seasons:

The Ice Allocation Policy will apply to the permitting of ice time for the following defined ice seasons;

<b>Winter Ice</b>	<b>mid Sept thru April</b>	<b>32 Weeks</b>
<b>Summer Ice</b>	<b>May thru to mid Sept</b>	<b>20 Weeks</b>

Actual start and end dates within the above mentioned seasons will be determined annually by the ICE PROVIDER at each facility location.

Summer Ice will be established by the ICE PROVIDER for the community according to revenue generating opportunities serving the interests of County of Prince Edward residents. A minimum of 30 hours per week of ice rentals must be established to warrant opening an ice facility during the summer ice season.

**Dates for Ice Allocation:**

Ice requests from user groups will be accepted by the ICE PROVIDER and processed for allocation of ice time as follows:

*Winter Ice -*

March thru May	Ice Request Applications accepted
June	Allocation process
July	Meeting to receive Draft Ice Allocation
July	Ice Allocation Firmed up

*Summer Ice -*

March thru April	Ice Request Applications accepted
May	Allocation process
June	Meeting to receive Draft Ice Allocation
June	Ice Allocation Firmed up

**Classifications of Ice Time:**

***Prime Time*** - This terminology is used in two ways. The user interprets this to be the most desirable time of their first choice in time selection available to them for their program. Typically it is preferable or more desirable time because the hours more easily accommodate their participants rather than at other times in which they are less interested.

The ICE PROVIDER, on the other hand however, interprets prime time from an economic standpoint. These are the time slots which are a favorite to the users as such are in great demand. This provides an opportunity to the Ice Provider to charge a premium rental fee for popular times

**Prime Time Ice established by the ICE PROVIDER within the County of Prince Edward will be:**

<b>Monday to Friday</b>	<b>4:00 p.m. to 11:00 p.m.</b>
<b>Saturday to Sunday</b>	<b>8:00 a.m. to 11:00 p.m.</b>

***Non Prime Time*** - Time slots that the user does not perceive or select as their first choice because of inconvenience to their users. Similarly, the ICE PROVIDER may view and interpret certain ice time (prime time) as more difficult to sell and as such may prudently conclude to reduce or discount a rate for ice time which has less demand.

**Non Prime Time Ice established by the ICE PROVIDER within the County of Prince Edward will be;**

**Monday to Friday  
Saturday to Sunday**

**11:00 p.m. to 4:00 p.m.  
11:00 p.m. to 8:00 a.m.**

***Statutory and Recognized Holidays*** - On these days the arenas are officially closed. Ice can be booked on these days provided a minimum of 3 hours is booked. Premium ice rates will apply to all ice booked on these days. Ice time will be booked to minimize hours of operation for the day. On Christmas Eve arenas will close at 12:00 noon.

- To ensure a fair and equitable distribution of ice times, a proportion of “Second Priority Groups” entitlement will be at non prime time (5% at minimum).
- Allocations beyond a sport’s entitlement will be at non prime time.
- Programs for younger children to receive priority over older youth and adults when allocating weekday early evening ice time.
- Groups may be allocated additional time beyond the entitlement at non prime time if this time is available.
- Groups are responsible for the distribution of ice time to teams or members.

Ice Hour:

One hour of ice is defined as 50 minutes in length plus a 10 minute flood. An hour and a half (1 ½ hours equates to 75 minutes of ice time with a 15 minute flood time. However, the County through its arena staff may create mixes of ice time activity and flood time that would accommodate the user and still maintain the excellent quality and condition of the ice.

### **Adult Programs Community Organizations/Associations**

LEVEL	HOURS/WEEK (minimum 12 players per team)
Old Timers Hockey	Two teams x 30 Minutes
Adult Hockey League	Two teams x 30 Minutes

### **Private/Casual Rentals**

All available ice time after the ice allocation process has been finalized will be available for private rental on a ***First Come First Served Basis***.

### **Tournaments and Carnivals (Special Events)**

Prince Edward County supports special programs like tournaments and carnivals. Priority will be given to these events and they will be scheduled in the ice allocation process first (after Ice Provider programs have been scheduled).

Those organizations with greater numbers may present a maximum of four events in a year. However, organizations that would be hosting numerous special events would be required to “pay back” an equal amount of ice time to the group(s) affected.

In the scheduling of special events , priority will be given to the special events (an event that has been in operation for several years). It is important to note that these events usually fit into time slots with other special events in Ontario. Consequently, it is vital to keep dates “constant” so that planning of the event is made easier. All efforts should be made by organizations planning new events that these events not coincide with other pre-planned events, as existing events will be given the priority.

Adult tournaments/special events that are not designated as charitable (i.e. operated with volunteers with 100% of proceeds donated to a registered charity) or that are not deemed to be of regional, provincial, national or international significance may not be permitted during prime time hours. The ICE PROVIDER will make this determination.

Where it has been determined through application of defined criteria, that a tournament/special event has a significant economic, social or cultural impact on the County and is therefore worthy to pre-empt organizations/groups use and where tournament/special event organizers have no or minimal ice time to trade back to organizations/groups; no make up of lost ice time to affected organizations/groups will be required. The ICE PROVIDER will approve such requests.

Public Skating times will not be pre-empted due to a tournament/special event unless approved by the ICE PROVIDER.
