

MOUNT TABOR PLAYHOUSE

Address:
2179 County Rd 17,
Milford Ontario

History of Mount Tabor Playhouse

In 1967 the Township of South Marysburgh purchased Mount Tabor United Church from the United Church of Canada. The building was used annually during the fair. In the mid 1980's the Marysburgh Mummies began using the playhouse for productions. As the productions and participation increased, the theatre was improved. Mount Tabor was rented for various concerts and live theatre productions due to the intimate theatre setting with excellent acoustics.

In 1997 the Township of South Marysburgh, the South Marysburgh Recreation Committee, the Milford Fair Board and the Mummies started a major renovation of the back room of the theatre. Bredin Hall was built to replace the old leaky back room. This project was completed by community volunteers through generous donations of time, material and funds. The project included washrooms, a canteen, storage area, additional entrances, a wheelchair ramp and a complete replacement of the back hall. The back hall offered an additional meeting place in the village of Milford for several clubs and organizations.

Mount Tabor Today

In January 1 1998, the County of Prince Edward became the owner of Mount Tabor Playhouse through amalgamation. Over the course of time, Mount Tabor has become the focal point of community theatre in the County. The municipality and the Mummies have worked co-operatively at improving this building. Since amalgamation the interior walls have been replaced, water systems have been upgraded, and air conditioning has been added.

Mount Tabor has become even more popular for Live Theatre, Concerts, Jamborees, CD Launches, Parties and Weddings. If you haven't been to Mount Tabor yet....You need to buy a ticket. This intimate theatre offers an experience like no other.
