We want your ideas on jobs, housing, traffic, parks, the harbour, historic buildings, Main Street, new developments, and other vital aspects of Picton-Hallowell.

- At 7 pm IBI Group planners will present different growth and development options to guide us to 2031.
- You will be asked to examine these options and note your thoughts and preferences.
- The results will help create a Preferred Development Strategy for Council.
- This Strategy will be used to draft new Secondary Plan policies and Zoning regulations.
