

Notice of Disruption of Service - Website

The service which hosts our external website (www.pecounty.on.ca) is moving their datacenter. This will involve some downtime between the hours of 9pm on Friday, March 5th and 9am on Saturday, March 6th. The move will be performed at any point during that 12 hour time window with the approximate downtime for our server will be two (2) hours.

We tried to find a time window that would be as close to off peak hours as possible and mean less impact. Regardless, this still equates to a service outage and we apologize for any inconvenience this may cause.

Please contact us via it@pecounty.on.ca if you have any questions or concerns about this service outage.
