NEWS RELEASE

McFarland Home Allegations Untrue

The administration and staff of the McFarland Home were disappointed to see an article published in the September 7 issue of the Wellington Times alleging theft of a resident's property.

McFarland Home policy requires all such allegations to be taken seriously and investigated thoroughly. The investigation found this allegation of theft to be untrue and further there have been no suspensions in connection to such allegations.

The administration is proud of the staff of the McFarland Home. It is due to their hard work and dedication that the Home has been recognized for its continuing commitment to quality service. In May, McFarland Home received accreditation under Accreditation Canada, an internationally recognized organization that assesses health care facilities, for meeting stringent standards of excellence in resident care and for our ongoing commitment to quality improvement.
