

**COUNTY MINIMUM DISTANCE
SEPARATION (MDS) POLICY**

Open House Invitation

Wednesday, May 13, 2009

6 – 8 p.m.

Community Centre, Picton

Agriculture is an important part of the land use and economy of the County. Agriculture in the County includes both livestock and non-livestock farm operations.

Municipalities must have planning policies related to Minimum Distance Separation (MDS) between livestock barns and non-livestock (eg residential) properties.

Council has directed staff to initiate a consultation process and report back to Council on various MDS options..

You are invited to attend the Open House to obtain information and provide your comment on the current proposed MDS policies.
